

# COLOR OUR LIVES

## 2019 EDUCATIONAL ALLIANCE ANNUAL REPORT

## THANK YOU

Dear friends,

Educational Alliance starts with community. Our work is grounded in the understanding that people are better able to thrive when they have deep and lasting connections with their neighbors. We take a community-centered approach to empowering individuals and families from the diverse Lower East Side and East Village, integrating a myriad of programs that intentionally draw people together from every point of the socio-economic spectrum and across every stage of life. Our programs build upon the inherent power of a connected community. Through services including early childhood education, arts programming, employment services, substance abuse prevention and treatment, health and wellness programs, and older adult services, we make it possible for people to achieve their dreams.

At Educational Alliance, we celebrate both big accomplishments and incremental steps, understanding that for each individual we serve, success is defined differently. Each year, 50,000 New Yorkers walk through our doors to learn, to grow, to make connections, and to take steps towards attaining their goals. In over a century serving the Lower East Side, we have seen our community change dramatically. We continually innovate to better serve our neighbors with groundbreaking programs, testing new ideas in the face of evolving challenges. This has been our approach since our founding, and it will continue to inspire us into the future.

As you flip through these pages, we invite you to engage with our story and color this book just as we aim to color our community with hope and optimism. Thank you for your generous support of that work.

Sincerely,

A blue ink handwritten signature, appearing to read 'Alan van Capelle', with a stylized, flowing script.

**We're putting whole families on track for success.**

Young people in our early childhood and youth development programs learn, explore, and grow as they develop the tools they need to realize bright futures for themselves.

**100% of our College Prep students graduate high school and attend college!**

For parents, our programs provide a network of support so that they can advance in their educational and career goals while pursuing their dreams for themselves and their families.

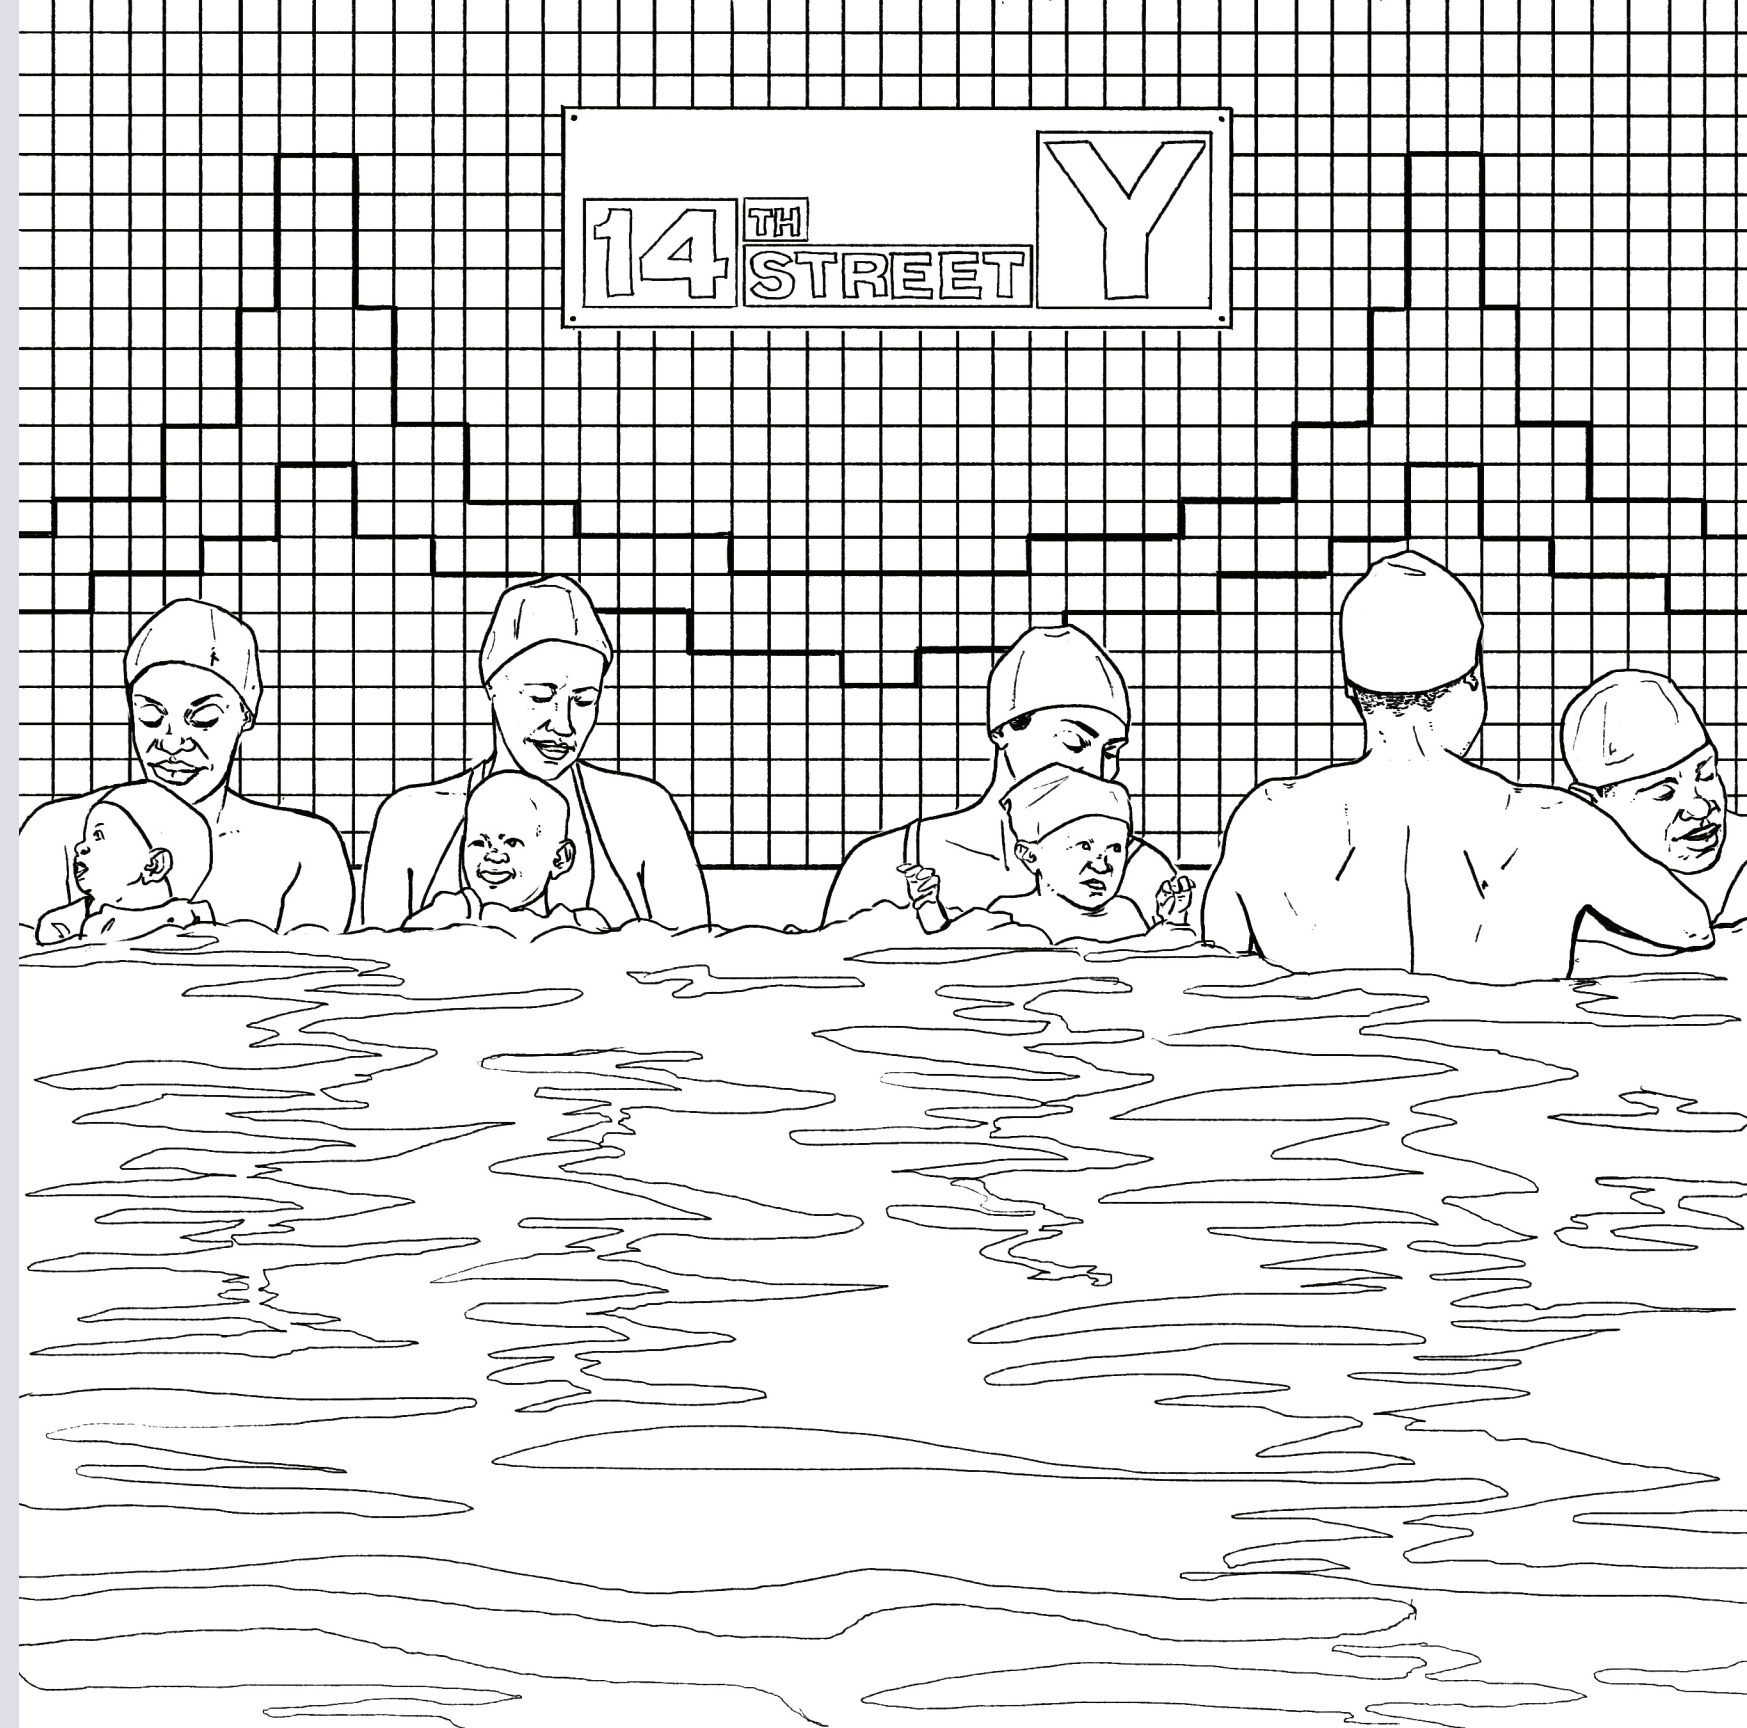

***We've helped hundreds of parents in our early childhood programs earn their higher education degrees.***

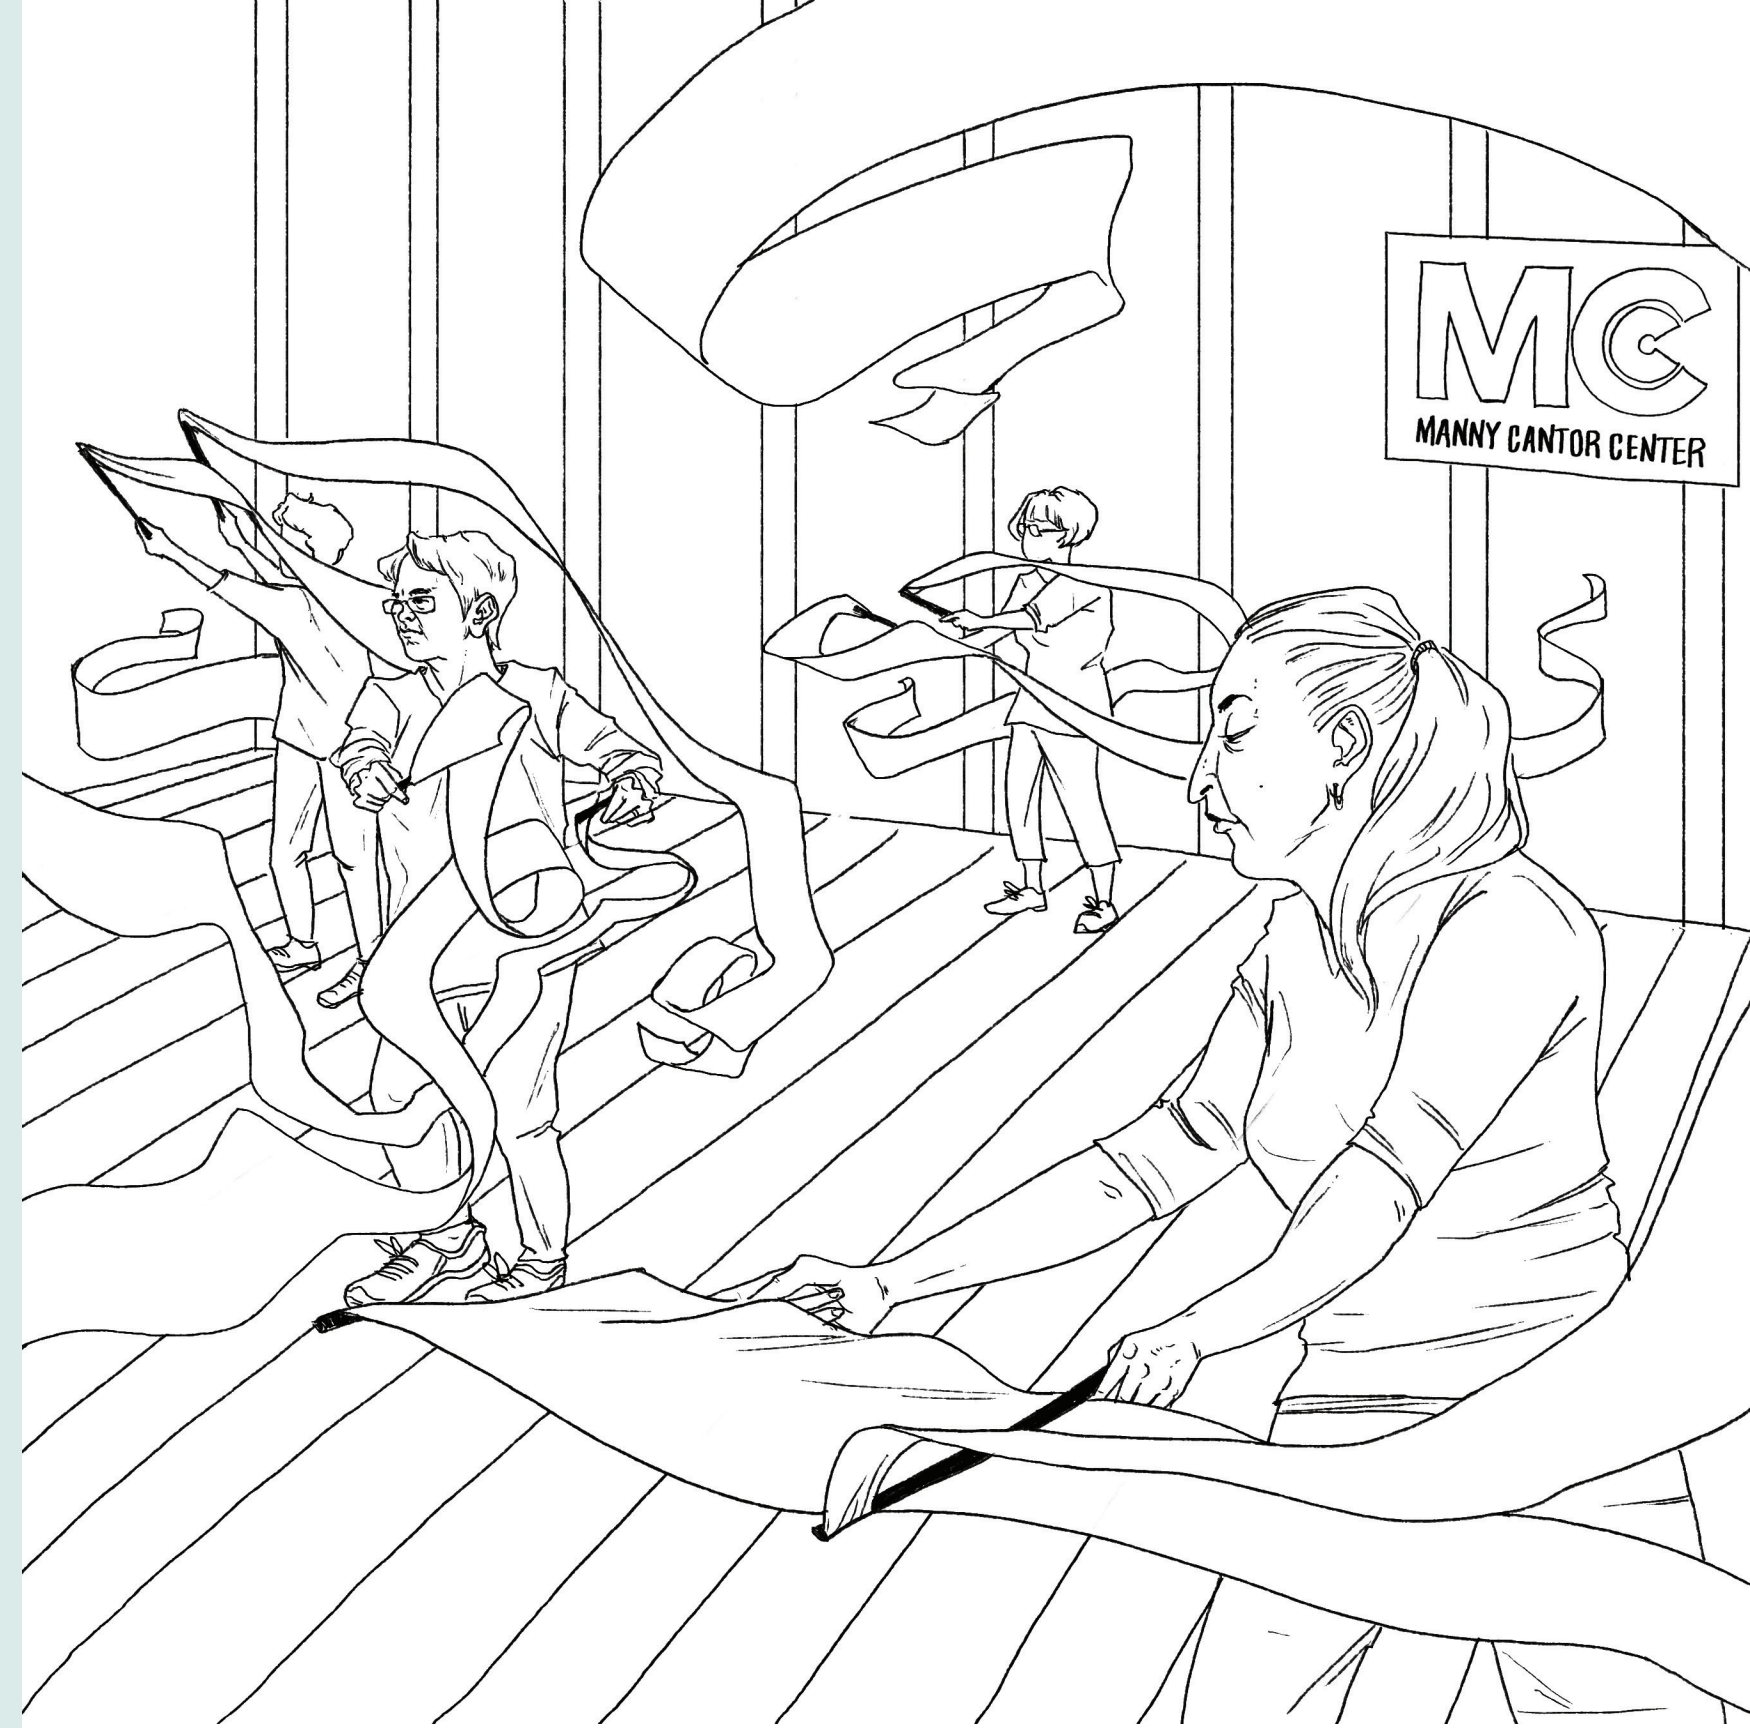

Community members and their families have a place to strengthen their muscles with physical activity and nourish their bodies with healthy food.

***Every year, thousands of New Yorkers break a sweat in one of our fitness centers at the 14th Street Y and Manny Cantor Center.***

Older adults stay independent, healthy, and connected in our community centers and in their homes so that aging is a journey they take as part of a community, not in isolation.

**Over 5,800 older adults come to our community centers for healthy meals, fitness classes, arts activities, and companionship.**

For those struggling with addiction, we provide the resources necessary to maintain sobriety, build healthy habits, reconnect with their families, and secure employment. We believe everyone in our community deserves the chance to pursue a bright future.

***We offer comprehensive employment services to many of our community members in recovery.***

For artists—amateur and professional; young and old—we provide time, space, and inspiration to discover and develop their own creative voices and showcase their work.

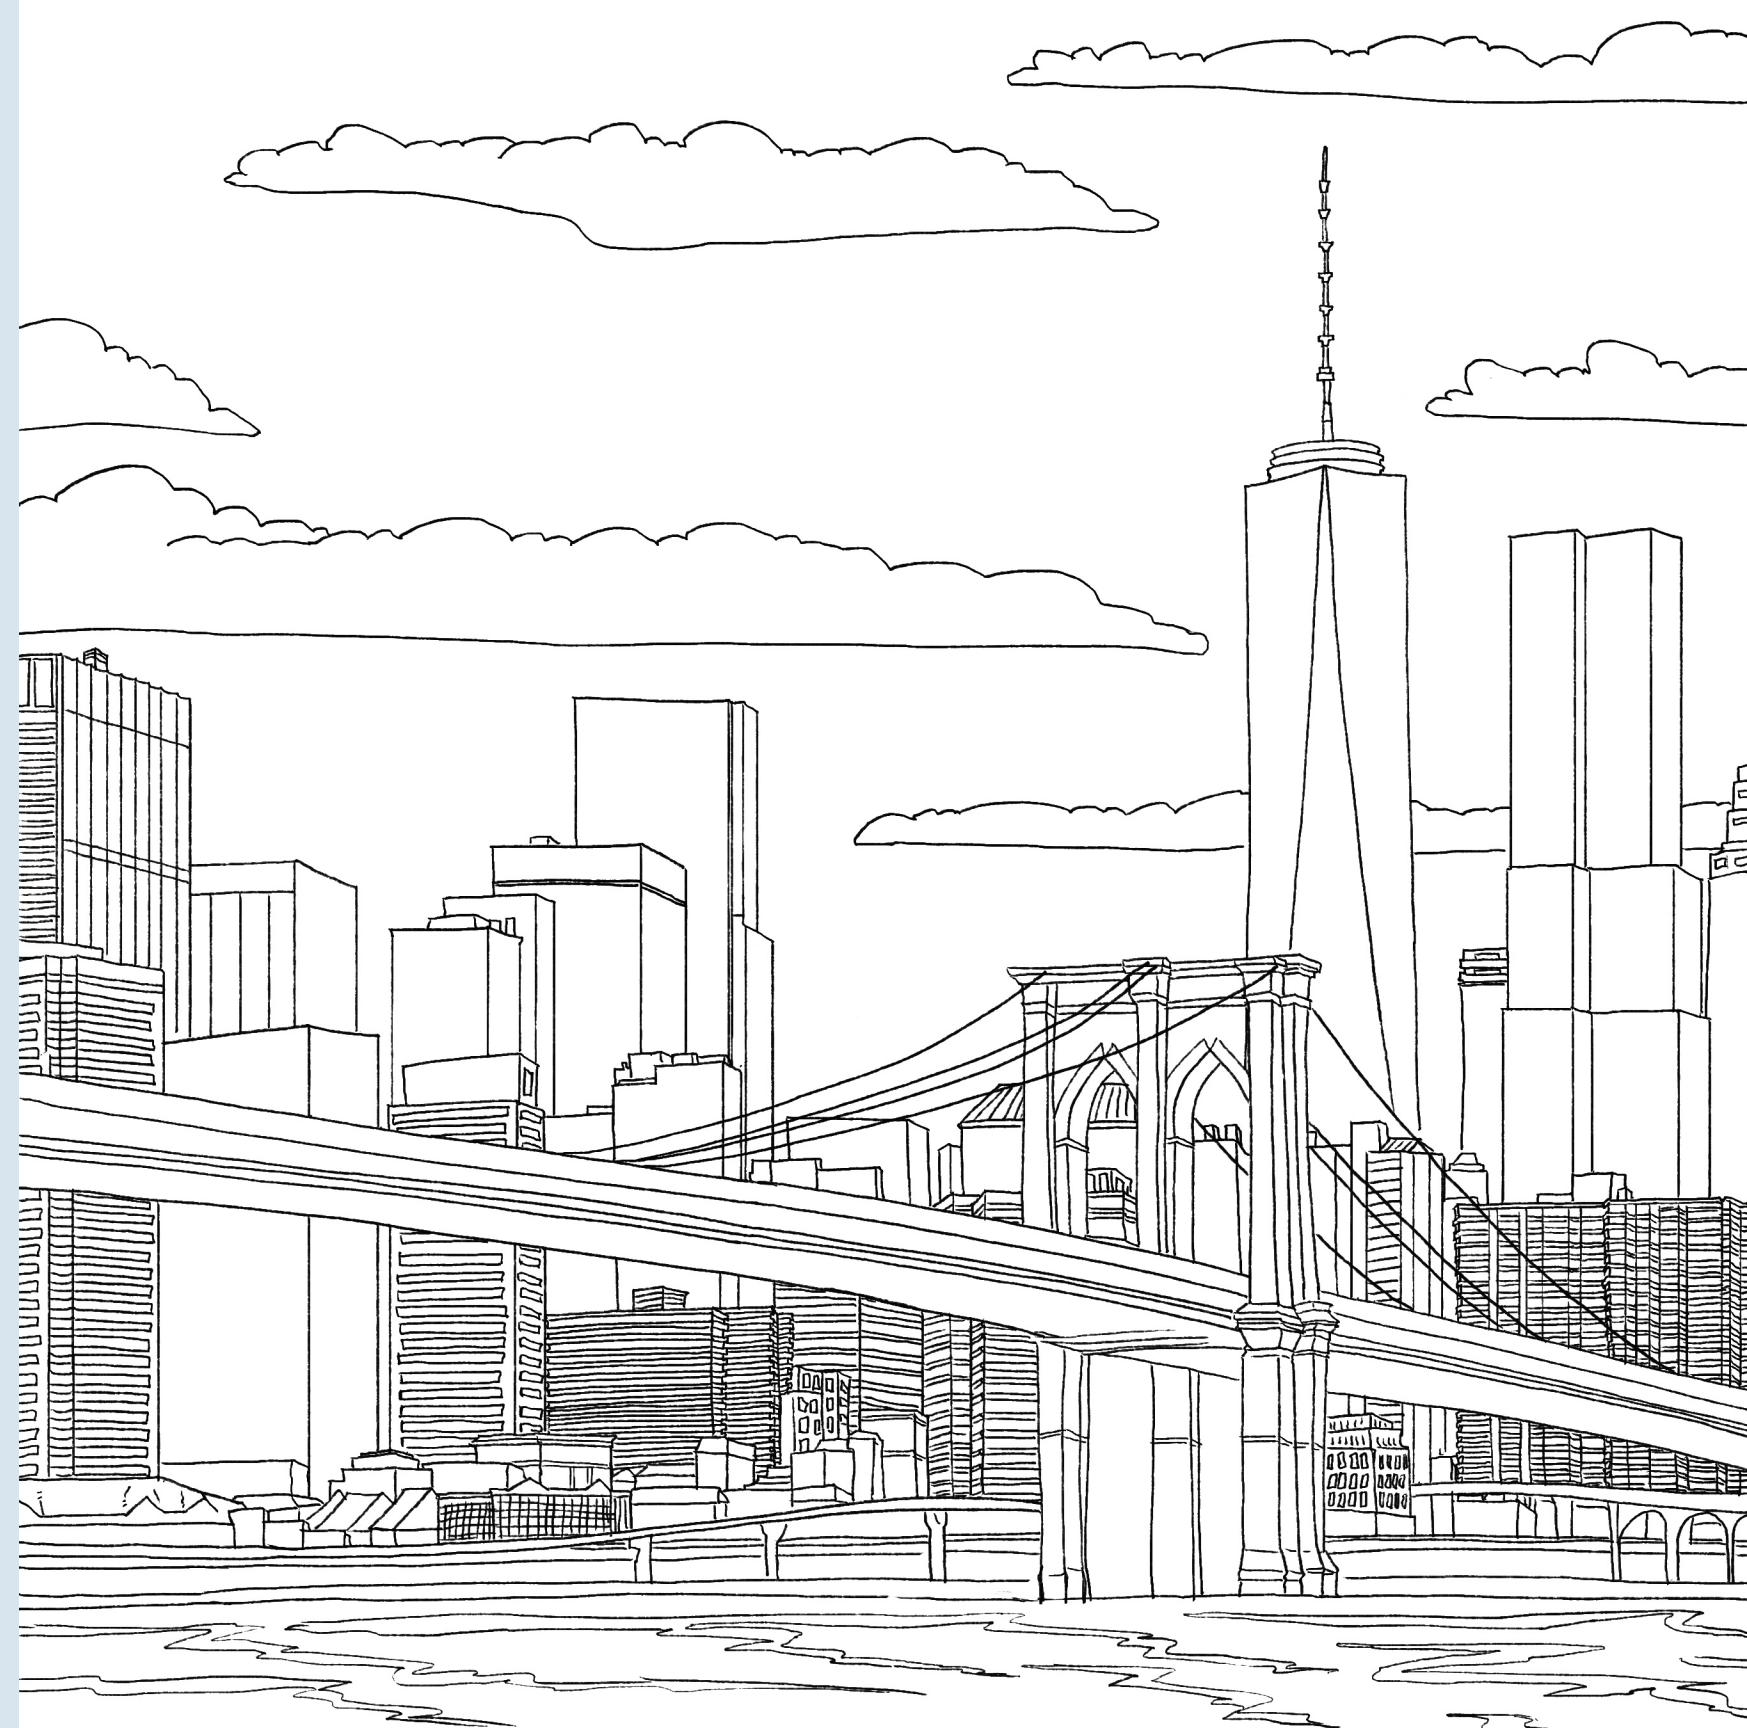

***This year, we premiered dozens of new works at the Theater at the 14th Street Y and mounted bold exhibitions at the Manny Cantor Center.***

**At Educational Alliance, we are committed to empowering  
New Yorkers to discover all that they can achieve.**

We believe each one of the 50,000 people we serve—from infants to older adults in the Lower East Side and East Village—has infinite potential. Here, we celebrate that potential and provide the foundation upon which individuals can build the bright futures they envision for themselves, for their families, and for their community.
